SITUATION SERIOUS

No Improvement in Yellow Fever Conditions in New Orleans.

NINE CASES AND FOUR DEATHS.

Physicians Concerned Over the Multiplying Unfavorable Conditions in the Crescent City—Another Death at Mobile and Two New Cases—Fever Invades Atlanta—Eighteen More Cases at Edwards.

NEW ORLEANS, Sept. 24.—The local fever situation did not show any improvement yesterday when results were summed up. There were fewer cases than were reported the day before, but there were four deaths and at least four of the patients were reported to be in a dangerous condition. So that while there is no reason to justify the statement that there is danger of an epidemic here, conditions are multiplying to prove what most of the eminent doctors here have said—that yellow fever exists. The ninth new case reported yesterday was that of Mrs. Lessemes, who died during the afternoon. The woman had been sick for several days, but she had apparently no friends, or if she did they were afraid to go near her. It was only yesterday that a doctor was summoned, and when he went to the house he diagnosed the case as yellow fever. The woman died of inattention as much as of the prevailing disease.

Marie Dubos, who died yesterday, was a child nearly 3½ years old, living in Carrollton, where the disease has been especially prevalent. She was taken on the 16th and her case was immediately diagnosed as yellow fever. The other deaths were those of Paul Tona, two Italians, and as in other cases of Italians afflicted, a physician was only called in when there was no hope of saving their lives.

Last night four cases at least were reported to be in an extremely dangerous condition. The other cases, however, were reported as presenting favorable signs and there was a marked improvement in the St. Claude neighborhood. At a special meeting of the city council it was decided to put at once \$25,000 at the disposal of the board of health.

The state board of health issued the following last night: "During the past 24 hours there were: Cases of yellow fever, 9; under investigation, 4; deaths, 4. Total cases to date, 88; total deaths to date, 12."

MOBILE.

Another Death Added to the List of Yellow Fever Victims.

MOBILE, Sept. 24.—The official report is that so far there have been 38 cases pronounced yellow fever, three have died, 16 have been discharged and 19 remain under treatment. Two of the cases were reported yesterday and 10 were discharged. Another death was added to the list last night, being that of John J. Bourne, chief clerk of the Louisville and Nashville shops. Yesterday morning every effort was made to revive him, he sank steadily until death came. The surgeon general has ordered all mail from Mobile fumigated. Heretofore only the mail for southern districts that have quarantined Mobile has been fumigated.

One Death at Louisville.

LOUISVILLE, Sept. 24.—John McDougall, the young machinist from Mobile, who has been sick with yellow fever, died yesterday at the Detention Hospital. McDougall's parents live in Toronto, Canada. Dr. White said that he was positive there would be no spread of the fever. There might be a few isolated cases but these would be persons coming from infected districts who already had the fever in their systems when they reached Louisville.

Beauregard School Building Burned.

NEW ORLEANS, Sept. 24.—The Beauregard school building, which it was proposed to use as a fever hospital, and which a mob threatened to burn down, was destroyed by fire this morning, although it was guarded by police. It was formerly a fine residence, occupied a square of ground out on Canal street, near the cemetery.

Has Attacked Atlanta.

ATLANTA, Sept. 24.—The board of health of Atlanta announced last night that Carrie Fleming, a 14-year-old girl, who refused to go to Mobile with her father and mother, and who is stopping at a boardinghouse on Auburn avenue, is suffering with yellow fever.

Has Had a Relapse.

CAIRO, Ill., Sept. 24.—Stevens, the yellow fever patient on the dredge boat, Alpha, has had a relapse. Dr. Cobb of the marine service has charge of the case. The two patients at the Marine hospital are doing well.

Eighteen New Cases.

EDWARDS, Miss., Sept. 24.—There were 18 new cases of yellow fever reported last night. Total cases to date, 100; total deaths to date, 4; convalescents, 33; now under treatment, 51.

NIAGARA'S NEW BRIDGE.

A Three Days' Celebration in Honor of Its Completion.

NIAGARA FALLS, Sept. 24.—Three days' celebration of the completion of the new steel arch bridge over the Niagara gorge was formally begun yesterday with a burst of music from 150 musicians of four of the finest bands in the United States and Canada. Mayor Arthur C. Hastings, of this city, and Mayor C. Cole, of Niagara Falls, Ont., walked to the center of the bridge from their respective sides and each grasped the hand of the other in a hearty and cordial grasp. A salute of 21 guns was fired from the bridge. Last night the falls and rapids were brilliantly illuminated.

Shook Killed Her.

NEW BREMEN, O., Sept. 24.—The wife of Henry Thieman suddenly expired of heart disease while walking to the door, as the dead body of Charles Thieman, who died at Cleveland, was brought into the room.

ECKELS IN COLORADO.

Controller of the Currency Banqueted by the Denver Clearinghouse.

DENVER, Sept. 24.—Controller of the Currency James H. Eckels was the guest of honor at a banquet given last evening at the Brown Palace Hotel by the Denver Clearinghouse association. One hundred distinguished citizens of Colorado, bankers, statesmen and others whose names are associated with the upbuilding of this city and the state, were present. Mr. Eckels made a speech in which he said in part:

It will not do for the east to boast of its possession of surplus capital of the country, which has come with age and thrift and opportunities, or the west to point with overweening pride to its stupendous resources and its wonderful advancement. The wealth of the one but continues to diminish if not employed, and that of the other is of no avail if not developed. The advancement of both follows the same pathway and centers in the same interests. I have tonight no plea to make for the country's accumulative capital upon the one hand nor its undeveloped riches on the other, except the plea that at a time when we are entering upon an era of better things they may be brought nearer together and not driven wider apart. It is a plea consonant with the dictates of business judgment and accords with common sense. It is a protest that may well be uttered by citizens everywhere, no matter what the measure of their interests or the financial tenets to which they bear allegiance.

WILL NOT SEND A DELEGATE.

Mine Workers Not to Be Represented at the Chicago Convention.

PITTSBURGH, Sept. 24.—M. D. Ratchford, president of the National Mine Workers' association, has been in consultation with the district executive board of that organization all day, discussing ways and means for carrying on the fight against the New York and Cleveland Gas Coal company.

President Ratchford said last night that the United Mine Workers would not send a delegate to the convention in Chicago Sept. 27. The mine workers' organization, he says, belongs to the Federation of Labor and as the executive officers of the federation had decided against the Chicago convention, the miners could not consistently send delegates.

He said further that the Chicago convention was an outgrowth of the St. Louis convention, where the delegates had gone outside of their legitimate duty and passed resolutions not generally endorsed by labor unions, and he is inclined to believe the Chicago convention will follow the same line.

CALHOUN AT CANTON.

Illinois Judge at the Reunion of the Nineteenth O. V. I.

CANTON, O., Sept. 24.—At the 26th annual reunion of the Nineteenth O. V. I. regiment held here yesterday, one of the principal speakers was Judge Calhoun of Illinois, a member of the regiment. Judge Calhoun was asked about Cuba and said: "I cannot say what this country will do in regard to Cuba. You know the president well enough to be certain that he will act in the interests of peace. The insurgents of Cuba have a cause more righteous than our forefathers in their struggle for independence. I am sure our government will act so as to maintain its honor. It will be in the cause of liberty."

STRANGE PROCEEDINGS.

Woman Marries the Man Being Tried for Attempting to Murder Her.

ATLANTIC CITY, Sept. 24.—Robert J. Hibbard was placed on trial in May's Landing yesterday on the charge of attempting to murder Mrs. Phoebe Phillips at Atlantic City last summer. He shot her four times. After all the evidence was in, Hibbard and Mrs. Phillips were allowed to see each other and surmised everybody by announcing that they intended to be married and wanted the ceremony performed at once. Rev. J. B. Gilliland was sent for and the defendant and complainant were made man and wife. Hibbard is 22 and the woman 43.

BLOODY NINTH.

Famous Illinois Regiment Will Hold Its Reunion at Litchfield.

MASCOUAT, Ill., Sept. 24.—The survivors of the Ninth Illinois regiment will hold a regimental reunion at Litchfield Sept. 29 and 30. The ninth Illinois was the famous fighting regiment of the civil war, and was known in army circles as the "bloody Ninth on horses." In the second day at the battle of Shiloh the Ninth regiment bore the brunt of the fight all day. It went into that day's battle with 578 men and sustained a loss of 61 killed and 300 wounded, a record unparalleled by any other regiment during the war.

Coal Mine Destroyed by Fire.

BRAIDWOOD, Ill., Sept. 24.—The Star Coal company's No. 1 mine was destroyed by fire yesterday. Loss \$75,000. The cause of the fire is unknown. The mine had been idle for 18 months.

John Tafford and family were out riding at Coy, Ark., when their team ran away, instantly killing Mrs. Tafford and fatally injuring Mr. and Mrs. Tafford.

George V. White, indicted at Atlantic City for stealing Pennsylvania railroad tickets, pleaded guilty and was fined \$100 and sentenced to prison for 60 days.

The coroner of Hazelton, Pa., has begun the inquest into the deaths of the striking miners. The testimony is similar to that brought out at the hearing of the deputies at Wilkesbarre.

The federal court of Chicago has dissolved the injunction secured by the Chicago Federation of Labor against the removal of the headquarters of the Modern Woodmen of America.

The steamship Moana, from Sydney, N. S. W., has just arrived in San Francisco with 135 boxes of English sovereigns, valued at \$370,000, and 15 boxes of bullion, valued at \$210,500.

FIRE AND EXPLOSION.

Whole Square of Bainbridge, O., Burned. Two Lives Lost.

BAINBRIDGE, O., Sept. 24.—This village was the scene of one of the most disastrous conflagrations yesterday that ever occurred in this county. An entire square of prominent business houses, handsome residences and the Methodist church was entirely destroyed and two prominent business men lost their lives in an explosion in the drug store of W. Beardsley. The fire was started in a barn by two little boys who were playing with matches. The flames spread rapidly and soon reached the drug store. With the limited means at hand for fighting the fire it passed all bounds and became uncontrollable. A terrible explosion occurred in the drug store and Mr. Beardsley, who was inside endeavoring to save some of his property, lost his life in the ruins. His brother-in-law, Thomas Higgins, who went to his rescue, was unable to get out and was burned to death, while several others were more or less injured but none fatally. But two buildings, both residences, were left standing in the entire square. Loss \$50,000.

PREDICTS A HURRICANE.

Professor Wiggins Says the Conditions Are Favorable.

OTTAWA, Ont., Sept. 24.—Professor Wiggins predicts a great hurricane. He says: "The announcement by the Marine department that a hurricane is now moving up the Atlantic coast from the West Indies is a meteorological event of more than common interest. That a great storm is near is a meteorological fact. The moon will be in conjunction with Jupiter and Mercury on the 25th and Mars on the 27th. The moon crosses the celestial equator on the 25th, moving southward. She will be in conjunction with the sun on the 26th at 1 o'clock p. m., London time, and will be at her perigee or nearest point on her orbit to the earth on the 28th. These are all, or nearly all, dangerous elements to the mariner, for they indicate a storm on the afternoon of Wednesday, the 29th, with high tides on the North American coast."

SHOT HIS SON.

Father Objects to His Boy's Choice of a Life Partner.

BALTIMORE, Sept. 24.—Joseph C. Stevens, aged 64 years, of 708 West Cross street, shot and dangerously wounded his son, Robert J. Stevens, aged 23, in a quarrel yesterday over the latter's intended marriage which was to have taken place last night. The father and sister of the young man were objecting strongly to his bringing his bride to his father's home, when the youth struck his sister in the face. This enraged the father, who drew a revolver and fired a shot into his son's back, who fell to the floor unconscious. The elder Stevens then turned the weapon upon himself, but it was wrested from him by his two daughters.

GREAT SENSATION.

Attitude of the United States Causes One in Madrid.

MADRID, Sept. 24.—The attitude of the United States has caused a great sensation at Madrid, because opinion has been lured on by the opinionist communication of the Spanish minister at Washington upon the character and duration of the correct attitude of the United States government, and that, too, despite several warnings from Mr. Olney and Mr. Cleveland's message. The official bulletins of Captain General Weyler also have received too much confidence, when the United States government was every month receiving from its consuls and special envoys totally different news.

The general impression at San Sebastian and Madrid is that the government will try to drag negotiations along unless it rejects purely and simply the good offices of the United States on the ground of public opinion and upon the further ground that the opposition would not permit it to tolerate foreign intervention even though amicable.

LEUTENANT PEARY.

The Noted Arctic Explorer Talks of His Latest Voyage.

BOSTON, Sept. 24.—Lieutenant R. E. Peary, the noted Arctic explorer passed through Boston on his way to New York from Sydney, C. B. With him was his wife and little daughter, C. I. Baldwin and Arthur Moore, who accompanied him on the trip to Greenland. The lieutenant told a press reporter that he had experienced a most unusual and stormy season. "We had but few days that could be called pleasant, so that we could do nothing," he said.

"What I consider the most important discovery was my finding of the relics of Greely's expedition. These I found on Cape Savin, but would prefer not to discuss them just now."

"We touched Meteoric Island on Aug. 30 and proceeded to get the big meteorite which we discovered before on board the Hope. It was just large enough to go into the hold, measured 12 by 8 by 10 and weighed 100 tons. It is a beautiful specimen, in fact, the best I ever saw. I have tested it and I find that the composition is almost similar to that used on plate armor on United States ships and looks like nickle steel."

Wheeling Ordered to Honolulu.

WASHINGTON, Sept. 24.—Orders have been sent from the navy department to San Francisco to have the gunboat Wheeling sent to Honolulu as soon as she can be prepared for the voyage. The Wheeling has been put in commission recently and was about to start in a short time for Sitka, taking stores and relief men for the gunboat Concord, now on duty in Alaska. She is a small but well equipped boat, somewhat smaller than the Bennington, now at Honolulu, but together the two boats will make a good force. The Philadelphia will remain at Honolulu until the Wheeling arrives.

IN LUETGERT'S FAVOR

Sensational Testimony in the Murder Trial at Chicago.

WHAT THREE MEN SWEAR TO.

Evidence to Show that the Alleged Murdered Woman Was in Kenosha, Wis., on May 3 and 4—Her Photograph Identified—One Witness' Serious Blunder. Efforts to Impair Emma Schimpke.

CHICAGO, Sept. 24.—Viewed from various standpoints proceedings in the Luetgert murder trial yesterday were the most remarkable that have occurred within three weeks. In the face of the sensational circumstantial evidence that has been produced to prove that Mrs. Louise Luetgert met death in her husband's sausage factory on May 1, three witnesses testified that they saw the woman alive on May 3 and 4. One of these witnesses talked to her and believed from a description and a photograph of Mrs. Luetgert that the woman he saw was Mrs. Luetgert. This witness was Matt J. Sholey, a bartender at the Hotel Maple, Kenosha, Wis. He said he saw a strange woman at the Hotel Maple on the evening of May 3. She asked to be directed to the farm of one Mueller, in the neighborhood, but as no one seemed to know of such a person, the woman left. The following day Sholey again saw the woman. He described her general appearance, her clothing and identified a photograph of Mrs. Luetgert as the woman he saw.

On cross-examination by State's Attorney Deeney, Sholey at first fixed the weight of the woman at 130 or 140 pounds, and then at 115 to 118 pounds, which was about Mrs. Luetgert's weight. This hesitation and correction was made much of by the prosecution.

Policeman Henry Foldschaw of Kenosha, Wis., testified that he saw a strange woman in the police station of his town on May 3, and afterward saw the woman at the Hotel Maple and the following day at the railway station. He described the woman as a blonde and said she wore a sailor hat and slippers. One of the slippers she had worn was found in the police station after she had left. The witness identified the picture of Mrs. Luetgert as strongly resembling the woman he saw.

William G. Gunsten, a clerk in the Grant Hotel, Kenosha, identified the photograph as the picture of a woman he saw in his hotel on May 3. He said she came into the hotel and remained 10 minutes and left. He described the woman and corroborated the evidence of the other witnesses.

Emma Schimpke came to the court room to hear Rosa Gleich impeach her evidence. Attorney Phalen discovered her presence in the room and called her to the witness stand. When asked if she had not told Rosa Gleich she had lied on the witness stand she replied: "I don't remember."

"Did you not tell Harry Fielder you lied when you said you saw Mr. and Mrs. Luetgert May 1?"

"I don't remember."

"Did you not tell Rosa Gleich you did not see Mr. and Mrs. Luetgert the night of May 1?"

"I may have said so."

Mrs. Mattie Scherrer, the last witness of the day, testified positively that Emma Schimpke told her that the testimony the Schimpke girl had given on the witness stand was untrue.

MR. CARTER ANSWERS.

Says the County Buildings Are Neither Fire Nor Burglar Proof.

The following question is asked me through the columns of the Brownstown Banner.

Will Travis Carter, the contractor of the county buildings, say that they are not fire-proof and if not why not? We await your answer, Mr. Carter.

I unhesitatingly say that the county buildings are not fire proof nor are they burglar proof. They were not designed to be fire proof as the architect Mr. B. land, who drew the plans will say. They were built before the building of fire proof buildings was introduced in this section of the country. There is too much wood and a total want of preservation against fire in the buildings to make them fire proof.

I took the contract to build the court house for a little over \$38,000. I fulfilled the contract and built a good substantial court house for that money, as good as could be built for that money and I am glad to know that its long use has verified this statement. But it is not such a building as would be built at the present time and such a one as the county ought to have.

A full discussion of the appraisement of the public buildings at Brownstown appears on the fourth page of this issue of the REPUBLICAN.

CHURCH NOTES.

Elder A. F. Beare, of Seymour, delivered a very able and interesting lecture to the C. E. Society at the Christian church at Ewing last night.

Daniel 8:14, will be the prophecy for consideration at the Adventist tent this evening. The exposition of this prophecy will explain why William Miller and others set the time for the Lord to come in the autumn of 1844. Quite an interest is being manifested in these expositions that brings us down to our own time.

There will be four dances given during the street fair at Armory Hall by the U. R. K. of P. Come and bring your friends as no improper characters will be admitted.

WANTED.—Horses and mules from five to eight years old. They must be sound and in good flesh. I will be at Hopewell's livery stable during the week of the street fair from Sept. 27 to Oct. 2.

CITY COUNCIL.

A Session Characterized by the Exchange of Some Sharp Words Between Members.

The city council met in regular session last night. The mayor and all councilmen present but DeGolyer.

Clerk McKinney read the minutes of last meeting which were amended and adopted.

The finance committee reported that the report of the city treasurer for the month of August was correct.

Schwing reported that the stone ordered for the crossing could not be secured for two or three weeks yet.

The special committee appointed to hear objections to street improvement made, submitted their report. They met and heard objections Sept. 10, at 9 a. m. There were some objections from property owners on Indianapolis avenue and Chestnut street. They claimed that some matters of the assessment had been misrepresented to them.

Others claimed that the work done was imperfect in some respects. The committee recommended that the contractors be required to make good all imperfect places in the street. Committee also recommended that the matter of assessments for these improvements be referred back to the engineer and city attorney for correction. Report received.

Goodale reported that the improvement committee had ordered the intersection at Mrs. Ewing's property put in as directed by the council, at a price of 8 cents per square foot. The committee also purchased some paving stone for Mrs. Ewing for street crossings.

Mr. Goodale also reported that a brick crossing over the J. M. & L. railroad and Second street was being put in the city paying for the brick. Report adopted.

The civil engineer submitted a written report that George Goens had completed his contract to grade and gravel Broadway from Second to Seventh street under his supervision at a total cost of \$333.78.

He also reported that William Whitsett had completed the grading and graveling of Bill street according to contract at a total cost of \$242.08. Referred to special committee.

Report on cement sidewalk put in by Frank Lucas on Indianapolis avenue submitted and referred to special committee.

Claims to the amount of \$354.57 were allowed.

Dr. Shields presented a resolution that the mayor and councilmen pay for the entertainment of officials invited from neighboring cities to visit Seymour on Friday during the street fair as provided for in a motion adopted two weeks ago. An animated discussion of the resolution followed during the progress of which some unbecoming words were spoken, which are doubtless regretted ere this time. The resolution was amended on motion of Burkley, but on final vote was defeated.

D. Shiels offered a second resolution which was similar in character. He moved its adoption but received no second.

The mayor and clerk were ordered to make such arrangements for the entertainment of visiting officials as were necessary. A reception committee was also appointed to receive the visitors.

On motion of Burkley the city attorney was instructed to draft a resolution establishing the width of Walnut street.

The matter of repairing the floor in the hose house in the 5th ward referred to fire committee.

A motion was adopted requesting the city health officer to file with the city clerk the analyses made of the city's water supply.

The police committee asked for instructions in the employment of special police during the street fair. Instructed to employ twenty, using special care in making selection.

Several councilmen introduced business under the head of miscellaneous business which received due attention.

Serenaded.

The 6th Regiment Band last night serenaded Elmer Shepherd and bride, of Brownstown, who had just returned home from an enjoyable visit at Indianapolis. The band treated them to some very fine music and in return they were invited in and enjoyed a feast prepared for them by the young couple. Elmer is a respected member of the band. After more music the boys left wishing them long life and happiness.

John P. McLean's Great Newspaper.
Without a single exception, there is no newspaper in the United States more successful publisher than the proprietor, Mr. John P. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit. The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire. When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal could not afford. The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as in those of greater magnitude.

VALUE OF COUNTY BUILDINGS.
The Court House Appraised at \$56,700, and the Jail at \$15,000.

REMOVALISTS ARE PLEASSED.
If Relocation Carries the New Court House and Jail Must Cost Twenty-Five Per Cent. more, or \$89,625

The appraisers appointed by the Governor to appraise the court house and jail met at Brownstown on Wednesday and performed that duty. The appraisal of the court house was fixed at \$56,700 and that of the jail at \$15,000. This appraisal is satisfactory to the friends of relocation, and insures first class public buildings in case the proposition to relocate the county seat carries at the polls, of which we have no doubt. It makes it absolutely certain that the kind of public buildings the law requires to be built, will be built. This is as it should be, and no one need be further deceived on the subject.
The anti-relocationists have been busy in falsely representing to the people that the intention was, in case removal was successful, to put up cheap or temporary buildings which would in the course of a few years have to be torn down and new ones built by the county in their stead. This appraisal forever puts at rest and silences such false representations as that for the law requires that the new court house and jail shall cost at least twenty-five per cent more, and be of that value, than the appraised value of the old court house and jail. Every important step which has been taken in this matter from the very first, shows the good faith and sincerity of the removal cause.

The appraisers obtained the following statement, which is in the records of the auditor's office, respecting the original cost of the court house at Brownstown, and the expenditures which have since been made by the county on account of it, and made it the basis of their appraisal.
Contract price for constructing the present court house..... \$38,220
Old heater..... 38.40
New heater..... 2,500
Cement in basement..... 60.00
Furniture..... 1,775
Steel ceiling..... 800
Bell..... 30.00
Cistern..... 45.00
Three safes..... 4,000
Stone walks in front..... 55.00
Bedford stone..... 62.00
Walks and street improvements..... 1,800
Iron fence..... 3,850
Lightning Rods..... 125
Copper gutters..... 725
Total..... \$56,419

The original cost of the court house being, as shown by the court house contract, \$38,220, there has been added to it, since it was constructed by the items above stated, \$28,199, an amount equal to two thirds of its original cost. The court house was finished in 1873. It has been in use 24 years, and there has been an annual expenditure of \$1,166 seemingly on account of it during all of these years, as the foregoing items on which the appraisers based their appraisal show.

The law says that the appraisers shall appraise the value of the court house and jail and sign certificates stating the cash value of each of said buildings. The curious may inquire how stone and cement walks, a cistern, safes and an iron fence can form a part of the value of a building. The appraisers doubtless thought that these improvements were made on account of the court house, that they would not have been made except for it, and that the expenditures therefore should be added to the value of the court house. The cause of removal does not complain of this. It insists that when the time comes to estimate the cost of a new court house that the value of the old one must be taken to be just what the appraisers fixed it, \$56,700, notwithstanding the court house itself cost but \$38,220. The more curious may, perhaps, inquire how walks and street improvements outside of the court house fence can be charged to the value of the court house building. It became necessary that the street in Brownstown should be improved. That a stone sidewalk should be placed along next to the front fence of the court house yard. Hence the stone sidewalk was so placed, the street improved, and both being in front of the court house lot the county, the tax payers, paid \$1,800 for it and it was charged to the court house as if it increased its value that much.
It is now more manifest than ever that it is to the permanent benefit and security of the tax payers that they take advantage of the offer made to them and relocate the county seat.
The original cost of the jail was shown to be \$21,000. The appraisers after considering what had been added to it fixed its value at \$15,000. No complaint is made of this. This appraisal demonstrates that Seymour and Jackson township will do what they have said they will do, build good, substantial, valuable public buildings of greater value than the old ones.
Let us hear no more of the twaddle about a "three thousand dollar shanty." In case removal carries a court house must be erected that will cost not less than \$70,875, and a court house and jail together must cost not less than \$89,625, and they must be paid for by Jackson township and the city of Seymour.

Something to Know.
It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. 8-11 For 50c or \$1.00 per bottle at W. F. Peter's drug store.

There is a Class of People.
Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grain that takes the place of coffee. The most delicate stomach receives it with out distress, and but few can tell it from coffee. It does not cost over 1/2 as much. Children may drink it with great benefit. 15 cts. and 25 cts. per package. Try it. A-K for GRAIN-O.

The Kafirs.
The Kafirs are great philosophers. If an ox should die, the owner never grieves, but remarks: "Now I must go to work for master (all white men who treat them well are called masters), and in six months he will give me a cow. It will have a calf. If it is a bull calf, in a year I'll have a pair of oxen, but should it be a heifer calf I'm all the richer, for the next year I'll have two calves instead of one."—New York Tribune.

ONE OF TWO WAYS.
The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.
Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. Dynamiters Blow Up a Mining Company's Property at St. Croix—Body of an Unknown Man Found—Child Crushed to Death by a Wagon—Kankakee Marsh Fire Destroy Much Property.

INDIANAPOLIS, Sept. 24.—The supreme court has affirmed the decision of the circuit court of Lake county, fining David Lewis \$75 for having a gillnet or seine in his possession. Lewis attacked the law under which he was fined, claiming that it is unconstitutional for various reasons. But the supreme court holds that the law is constitutional, and the defendant was properly fined.

HORSES BLOWN TO PIECES.
Incendiaries Dynamite a Mining Company's Property—Buildings Destroyed.
St. Croix, Ind., Sept. 24.—Incendiaries applied the torch to the establishment of the Mackey-George Lumber and Mining company here. Over 200 pounds of dynamite and 100 pounds of powder were stored in the warehouse. The stable contained eight horses. The explosion resulting from the fire completely destroyed all of the buildings, the horses being blown into fragments and scattered in every direction. It is claimed that one hostler sleeping in the stable was also killed. The force of the explosion tore down many yards of the cliff which stands 60 feet high alongside the Leavenworth and Princeton road, blocking the passage.

MARSH FIRE.
It Has Been Burning For Two Weeks. Much Property Destroyed.
NEW CARLISLE, Ind., Sept. 24.—The large tract of Kankakee marsh land four miles east of this city, recently purchased by the Armours of Chicago, is on fire. The marsh has been burning nearly two weeks, and the farmers in this vicinity are unable to get it under control. A large field of cabbage, 100 tons of hay, with fences, has been consumed.

Member of State Medical Board Sued.
FORT WAYNE, Sept. 24.—In the Allen county court yesterday suit was brought against Dr. James M. Dinneen, a member of the state medical examining board, by Dr. Wilson, also of this city, for \$5,000 damages. A few days ago Wilson was arrested for practicing without a license. In the justice court he produced the license and was acquitted.

Body of an Unknown Man Found.
LAFORTE, Ind., Sept. 24.—The body of an unknown man about 25 years old was found yesterday by a gang of Lake Shore section hands lying by the side of the track, about two and one-half miles east of this city. There was a large hole in the top of the head, but whether from a blow or caused by falling from a train is not known.

Child's Head and Chest Crushed.
BRAZIL, Ind., Sept. 24.—James B. Carrithers, a farmer near Fontanet, came to this city with his wife and 3-year-old child for a load of flour. While going along the street with the heavily laden wagon the child fell from its mother's arms and the rear wheel passed over its head and chest, crushing them. The child died within an hour.

Bedford Kent Convicted.
MARTINSVILLE, Ind., Sept. 24.—The jury in the Bedford Kent murder trial, after being out only two hours, brought in a verdict last night finding the defendant guilty of voluntary manslaughter and fixing his punishment at 21 years in the penitentiary. The verdict meets with general approval.

Elder Morris Seriously Ill.
GREENCASTLE, Ind., Sept. 24.—Word has been received of the serious illness of Elder A. H. Morris, who suffered a stroke of paralysis at Brazil yesterday. Elder Morris has been the popular pastor of the Greenacres Christian church for eight years and has a wide acquaintance over the state.

Quails In Large Coves.
EDWARDSVILLE, Ind., Sept. 24.—Not for many years have quails been so numerous in this locality. They are tame and are found in unusually large coveys. The wild season is supposed to have been the cause of the rapid increase.

Kicked by a Horse.
FORTVILLE, Ind., Sept. 24.—While John E. Jackson was working in his stable yesterday he was kicked by a horse and his face and skull crushed and the sight of one eye destroyed. It is thought that he is fatally hurt.

Knocked From a Train.
GREENCASTLE, Ind., Sept. 24.—John Scott, a conductor on a Monon freight train, was struck by an overhead bridge here last night and knocked from the train, and seriously injured in the head. He was taken to his home at Lafayette.

Recent Bride Suicides.
BRAZIL, Ind., Sept. 24.—A sensation was created here this evening by Mrs. Andrew Hess committing suicide by taking arsenic. Mr. and Mrs. Hess were only recently married.

Harristown Blaze.
HARRISTOWN, Ind., Sept. 24.—The general store of Jacob Garriott here, burned yesterday with all of its contents. The loss exceeds \$5,000. It is believed to be the work of incendiaries.

Farmer Suicides.
MELBURN, Ind., Sept. 24.—Henry London, a farmer, near here, committed suicide by taking poison. His body was found in the barn by his 7-year-old son. No cause is known for the act.

Lord Farrer's Opinion.
LONDON, Sept. 24.—Lord Farrer has a three column letter in the Times this morning on bimetalism and the Indian mint. He says: "In my opinion the ultimate solution of the question will be found in the adoption of the gold standard in India."

Another Special Excursion to Louisville Next Sunday
Via Pennsylvania Lines. 75 cents round trip from Seymour on special train at 9:13 a. m. central time, to Louisville; returning leave Louisville 14th street station 6:10 p. m. same day. Hours for recreation and pleasure in Louisville.

CHEAP TRIP
To Mammoth Cave and Tennessee Centennial.
Personally conducted excursion, via Pennsylvania Lines. The Ideal Autumn Outing.
A special party of teachers and friends will visit the famous Mammoth Cave and the Tennessee Centennial at Nashville early in October in charge of Prof. C. F. Patterson, superintendent of public schools at Edinburg. The trip will be made over the Pennsylvania line Friday evening, October 1st. The train will leave Seymour, Ind., at 4:51 p. m., that date.

Special arrangements have been made for the reception of the party at Mammoth Cave, which will be reached the same evening. Explorations of this wonderful work of nature will be concluded Saturday morning, when the party will proceed direct to Nashville, reaching the Centennial Exposition early Saturday afternoon, enabling excursionists to spend Saturday afternoon and evening viewing the sights at the exposition. Advance arrangements have been made for their entertainment at Mammoth Cave as well as at Nashville at reduced rates. The entire trip, fare and entertainment, need not cost to exceed \$12.

The return journey may be made so that teachers need not miss being on hand at their school, as they may get back in ample time to resume school duties Monday morning. A cordial invitation is extended the public to take advantage of the low rates and special arrangements. The excursion will not be restricted to special parties or individuals. You are invited and will be welcomed to enjoy it. If you drop a line to Supl. Chas. F. Patterson, Edinburg, Ind., he will cheerfully answer inquiries, or details may be ascertained by addressing W. Sick stomach means sick man (or woman).
Why not be well?
Sick stomach comes from poor food, poor nourishment, means poor health, poor comfort, Shaker Digestive Cordial means health and a well stomach.
If we could examine our stomach we would understand why it is that so little will put it out of order.
But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.
Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.
The more you take the less you will feel of your stomach.

MR. CARTER ANSWERS.

Says the County Buildings Are Neither
Fire Nor Burglar Proof.

The following question is asked me
through the columns of the Brown-
town Banner.
Will Travis Carter, of Seymour, the
contractor of the county buildings, say
that they are not fire-proof and if not
why not? We await your answer, Mr.
Carter.

I unhesitatingly say that the county
buildings are not fire proof nor are they
burglar proof. They were not designed
to be fire proof as the architect Mr. B.
land, who drew the plans will say. They
were built before the building of fire
proof buildings was introduced in this
section of the country. There is too
much wood and a total want of preser-
vation against fire in the buildings to
make them fire proof.

I took the contract to build the court
house for a little over \$38,000. I ful-
filled the contract and built a good sub-
stantial court house for that money, as
good as could be built for that money
and I am glad to know that its long use
has verified this statement. But it is
not such a building as would be built
at the present time and such a one as
the county ought to have.

CITY COUNCIL.

A Session Characterized by the Exchange
of Some Sharp Words Between
Members.

The city council met in regular ses-
sion last night. The mayor and all
councilmen present but DeGolyer.
Clerk McKinney read the minutes of
last meeting which were amended and
adopted.

The finance committee reported that
the report of the city treasurer for the
month of August was correct.

Schwing reported that the stone or-
dered for the cross could not be e-
cured for two or three weeks yet.

The special committee appointed to
hear objections to street improvement
made, submitted their report. They
met and heard objections Sept. 10, at 9
a. m. There were some objections from
property owners on Indianapolis ave-
nue and Chestnut street. They claimed
that some matters of the assessment
had been misrepresented to them.

Others claimed that the work done was
imperfect in some respects. The com-
mittee recommended that the contrac-
tors be required to make good all im-
perfect places in the street. Committee
also recommended that the matter of
assessments for these improvements be
referred back to the engineer and city
attorney for correction. Report re-
ceived.

Goodale reported that the improve-
ment committee had ordered the inter-
section at Mrs. Ewing's property put in
as directed by the council, at a price of
8 cents per square foot. The commit-
tee also purchased some paving stone o-
Mrs. Ewing for street crossings.

Mr. Goodale also reported that a
brick crossing over the J. M. & I. rail-
road and Second street was being put in
the city paying for the brick. Report
adopted.

The civil engineer submitted a writ-
ten report that George Goens had com-
pleted his contract to grade and gravel
Broadway from Second to Seventh
street under his supervision at a total
cost of \$333.78.

He also reported that William Whit-
sett had completed the grading and
graveling of Bill street according to
contract at a total cost of \$242.08. Re-
ferred to special committee.

Report on cement sidewalk put in
by Frank Lucas on Indianapolis avenue
submitted and referred to special com-
mittee.

Claims to the amount of \$354.57 were
allowed.

Dr. Shields presented a resolution
that the mayor and councilmen pay for
the entertainment of officials invited
from neighboring cities to visit Seymour
on Friday during the street fair as pro-
vided for in a motion adopted two
weeks ago. An animated discussion of
the resolution followed during the pro-
gress of which some unbecoming words
were spoken, which are doubtless re-
gretted ere this time. The resolution
was amended on motion of Burkle, but
on final vote was defeated.

D. Shields offered a second resolu-
tion [which was similar in character.
He moved its adoption but received no
second.

The mayor and clerk were ordered to
make such arrangements for the enter-
tainment of visiting officials as were
necessary. A reception committee was
also appointed to receive the visitors.

On motion of Burkle the city attor-
ney was instructed to draft a resolution
establishing the width of Walnut street.

The matter of repairing the floor in
the hose house in the 5th ward referred
to fire committee.

A motion was adopted requesting the
city health officer to file with the city
clerk the analyses made of the city's
water supply.

The police committee asked for in-
structions in the employment of special
police during the street fair. Instructed
to employ twenty, using special care
in making selection.

Several councilmen introduced busi-
ness under the head of miscellaneous
business which received due attention.

John P. McLean's Great Newspaper.

Without a single exception, there is no paper of greater or more successful newspaper in the United States than the Cincinnati Enquirer; and a more successful publisher than its proprietor, Mr. John P. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

A Fine Line to Select From

VALUE OF COUNTY BUILDINGS.

The Court House Appraised at \$56,700, and the Jail at \$15,000.

REMOVALISTS ARE PLEASSED.

If Relocation Carries the N W Court House and Jail Mut Cost Twenty-Five Per Cent. more, or \$89,625

The appraisers appointed by the Governor to appraise the court house and jail met at Brownstown on Wednesday and performed that duty. The appraisal of the court house was fixed at \$56,700 and that of the jail at \$15,000. This appraisal is satisfactory to the friends of relocation, and insures first class public buildings in case the proposition to relocate the county seat carries at the polls, of which we have no doubt. It makes it absolutely certain that the kind of public buildings the law requires to be built, will be built. This is as it should be, and no one need be further deceived on the subject.

The anti-relocationists have been busy in falsely representing to the people that the intention was, in case removal was successful, to put up cheap or temporary buildings which would in the course of a few years have to be torn down and new ones built by the county in their stead. This appraisal forever puts at rest and silences such false representations as that for the law requires that the new court house and jail shall cost at least twenty-five per cent more, and be of that value, than the appraised value of the old court house and jail. Every important step which has been taken in this matter from the very first, shows the good faith and sincerity of the removal cause.

The appraisers obtained the following statement, which is in the records of the auditor's office, respecting the original cost of the court house at Brownstown, and the expenditures which have since been made by the county on account of it, and made it the basis of their appraisal.

Contract price for constructing the present court house..... \$38,220
Old heater..... 850
New heater..... 2,500
Cement in basement..... 600
Furniture..... 7,470
Steel ceiling..... 380
Bell..... 300
Cistern..... 450
Cement walks..... 450
Three safes..... 4,000
Stone walks in front..... 550
Bedford stone..... 620
Walks and street improvements..... 1,800
Iron fence..... 3,850
Lightning Rods..... 125
Copper gutters..... 725

Total..... \$96,419

The original cost of the court house being, as shown by the court house contract, \$38,220, there has been added to it, since it was constructed by the items above stated, \$28,199, an amount equal to two thirds of its original cost. The court house was finished in 1873. It has been in use 24 years, and there has been an annual expenditure of \$1,166 seemingly on account of it during all of these years, as the foregoing items on which the appraisers based their appraisal show.

The law says that the appraisers shall appraise the value of the court house and jail and sign certificates stating the cash value of each of said buildings. The curious may inquire how stone and cement walks, a cistern, safes and an iron fence can form a part of the value of a building. The appraisers doubtless thought that these improvements were made on account of the court house, that they would not have been made except for it, and that the expenditures therefore should be added to the value of the court house. The cause of removal does not complain of this. It insists that when the time comes to estimate the cost of a new court house that the value of the old one must be taken to be just what the appraisers fixed it, \$56,700; notwithstanding the court house itself cost but \$38,220. The more curious may, perhaps, inquire how walks and street improvements outside of the court house fence can be charged to the value of the court house building. It became necessary that the street in Brownstown should be improved. That a stone sidewalk should be placed along next to the front fence of the court house yard. Hence the stone sidewalk was so placed, the street improved, and both being in front of the court house lot the county, the tax payers, paid \$1,800 for it and it was charged to the court house as if it increased its value that much.

It is now more manifest than ever that it is to the permanent benefit and security of the tax payers that they take advantage of the offer made to them and relocate the county seat.

The original cost of the jail was shown to be \$21,000. The appraisers after considering what had been added to it fixed its value at \$15,000. No complaint is made of this. This appraisal demonstrates that Seymour and Jackson township will do what they have said they will do, build good, substantial, valuable public

buildings of greater value than the old ones.

Let us hear no more of the twaddle about a "three thousand dollar shanty." In case removal carries a court house must be erected that will cost not less than \$70,875, and a court house and jail together must cost not less than \$89,625, and they must be paid for by Jackson township and the city of Seymour.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. S. L. P. 50c or \$1.00 per bottle at W. F. Peter's drug store.

There is a Class of People.

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grain that takes the place of coffee. The most delicate stomach receives it with out distress, and but few can tell it from coffee. It does not cost over 1/2 as much. Children may drink it with great benefit. 15 cts. and 25 cts. per package. Try it. Ask for GRAIN-O.

A Judge of Dinners.

Professor Wilson writes to a friend that he is "confident that the people will come back to us as passionately as they seem to have left us." Which shows that Mr. Wilson is a much better judge of dinners than of common sense.—New York Press.

A Paradoxical Position.

From all statements made it appears that Secretary Carlisle wants to retire the legal tender currency and also use it as a guarantee fund for the banks. This seems to be paradoxical, or doing with one hand and undoing with the other.

The Kaffirs.

The Kaffirs are great philosophers. If an ox should die, the owner never grieves, but remarks: "Now I must go to work for master (all white men who treat them well are called masters), and in six months he will give me a cow. It will have a calf. If it is a bull calf, in a year I'll have a pair of oxen, but should it be a heifer calf I'm all the richer, for the next year I'll have two calves instead of one."—New York Tribune.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the Republican and send your address to Dr. Kilmer & Co., Binghamton, N. Y. Dynamiters Blow Up a Mining Company's Property at St. Croix—Body of an Unknown Man Found—Child Crushed to Death by a Wagon—Kankakee Marsh Fire Destroy Much Property.

INDIANAPOLIS, Sept. 24.—The supreme court has affirmed the decision of the circuit court of Lake county, finding David Lewis \$75 for having a gillnet or seine in his possession. Lewis attacked the law under which he was fined, claiming that it is unconstitutional for various reasons. But the supreme court holds that the law is constitutional, and the defendant was properly fined.

HORSES BLOWN TO PIECES.

Incendiaries Dynamite a Mining Company's Property—Buildings Destroyed.
ST. CROIX, Ind., Sept. 24.—Incendiaries applied the torch to the establishment of the Mackey-George Lumber and Mining company here. Over 200 pounds of dynamite and 100 pounds of powder were stored in the warehouse. The stable contained eight horses. The explosion resulting from the fire completely destroyed all of the buildings, the horses being blown into fragments and scattered in every direction. It is claimed that one hostler sleeping in the stable was also killed. The force of the explosion tore down many yards of the cliff which stands 60 feet high alongside the Leavenworth and Princeton road, blocking the passage.

MARSH FIRE.

It Has Been Burning For Two Weeks. Much Property Destroyed.

NEW CARLISLE, Ind., Sept. 24.—The large tract of Kankakee marsh land four miles east of this city, recently purchased by the Armours of Chicago, is on fire. The marsh has been burning nearly two weeks, and the farmers in this vicinity are unable to get it under control. A large field of cabbage, 100 tons of hay, with fences, has been consumed.

Member of State Medical Board Sued.

FORT WAYNE, Sept. 24.—In the Allen county court yesterday suit was brought against Dr. James M. Dinnen, a member of the state medical examining board, by Dr. Wilson, also of this city, for \$5,000 damages. A few days ago Wilson was arrested for practicing without a license. In the justice court he produced the license and was acquitted.

Body of an Unknown Man Found.

LAPORTE, Ind., Sept. 24.—The body of an unknown man about 35 years old was found yesterday by a gang of Lake Shore section hands lying by the side of the track, about two and one-half miles east of this city. There was a large hole in the top of the head, but whether from a blow or caused by falling from a train is not known.

Child's Head and Chest Crushed.

BRAZIL, Ind., Sept. 24.—James B. Carrithers, a farmer near Fontanet, came to this city with his wife and 3-year-old child for a load of flour. While going along the street with the heavily laden wagon the child fell from its mother's arms and the rear wheel passed over its head and chest, crushing them. The child died within an hour.

Bedford Kent Convicted.

MARTINSVILLE, Ind., Sept. 24.—The jury in the Bedford Kent murder trial, after being out only two hours, brought in a verdict last night finding the defendant guilty of voluntary manslaughter and fixing his punishment at 21 years in the penitentiary. The verdict meets with general approval.

Elder Morris Seriously Ill.

GREENCASTLE, Ind., Sept. 24.—Word has been received of the serious illness of Elder A. H. Morris, who suffered a stroke of paralysis at Brazil yesterday. Elder Morris has been the popular pastor of the Greenecastle Christian church for eight years and has a wide acquaintance over the state.

Quails in Large Coves.

EDWARDSPORT, Ind., Sept. 24.—Not for many years have quails been so numerous in this locality. They are tame and are found in unusually large coves. The mild season is supposed to have been the cause of the rapid increase.

Kicked by a Horse.

FORTVILLE, Ind., Sept. 24.—While John E. Jackson was working in his stable yesterday he was kicked by a horse and his face and skull crushed and the sight of one eye destroyed. It is thought that he is fatally hurt.

Knocked From a Train.

GREENCASTLE, Ind., Sept. 24.—John Scott, a conductor on a Monon freight train, was struck by an overhead bridge here last night and knocked from the train, and seriously injured in the head. He was taken to his home at Lafayette.

Recent Bride Suicides.

BRAZIL, Ind., Sept. 24.—A sensation was created here this evening by Mrs. Andrew Hess committing suicide by taking arsenic. Mr. and Mrs. Hess were only recently married.

Harrisstown Blaze.

HARRIS-TOWN, Ind., Sept. 24.—The general store of Jacob Garriott here, burned yesterday with all of its contents. The loss exceeds \$5,000. It is believed to be the work of incendiaries.

Farmer Suicides.

MELBERS, Ind., Sept. 24.—Henry London, a farmer, near here, committed suicide by taking poison. His body was found in the barn by his 7-year-old son. No cause is known for the act.

Lord Parer's Opinion.

LONDON, Sept. 24.—Lord Parer has a three column letter in the Times this morning on bimetalism and the Indian mint. He says: "In my opinion the ultimate solution of the question will be found in the adoption of the gold standard in India."

Last Month of the Tennessee Centennial and Industrial Exposition.

The month of October closes this greatest of all exhibitions ever held in the South, and next to the Columbian, the best ever held in this country. For the closing month special attractions have been arranged and the rates on all parts of the country have been made lower than ever before known. The location (Nashville, Tenn.) is on the main line of the Louisville & Nashville railroad, directly on its through car route between the north and south and the trip in either direction via this city can be made as cheaply, if not cheaper, than via any other route. Ask your ticket agent for rates, or write to C. P. Atmore, General Passenger Agent, Louisville, Ky., for rates and information.

To Care For Visitors.

From the many inquiries received regarding the Free Street Fair it is presumed that during the Fair week Seymour will be visited by a vast concourse of people.

As the hotels will be unable to accommodate all the visitors with lodging it is expedient that some other arrangement be made for the entertainment of those who remain with us over night.

Any citizen who is prepared to lodge one or more persons will please report to the management, who will take name and address and make arrangements accordingly. G. A. Clark, Sec'y. T. S. Blush, Pres.

Another Special Excursion to Louisville Next Sunday

Via Pennsylvania Lines. 75 cents round trip from Seymour on special train at 9:13 a. m. central time, to Louisville; returning leave Louisville 1:45 street station 6:10 p. m. same day. Hours for recreation and pleasure in Louisville.

CHEAP TRIP
To Mammoth Cave and Tennessee Centennial.

Personally conducted excursion, via Pennsylvania Lines. The Ideal Autumn Outing.

A special party of teachers and friends will visit the famous Mammoth Cave and the Tennessee Centennial at Nashville early in October in charge of Prof. C. F. Patterson, superintendent of public schools at Edinburg. The trip will be made over the Pennsylvania line Friday evening, October 1st. The train will leave Seymour, Ind., at 4:51 p. m., that date.

Special arrangements have been made for the reception of the party at Mammoth Cave, which will be reached the same evening. Explorations of this wonderful work of nature will be concluded Saturday morning, when the party will proceed direct to Nashville, reaching the Centennial Exposition early Saturday afternoon, enabling excursionists to spend Saturday afternoon and evening viewing the sights at the exposition. Advance arrangements have been made for their entertainment at Mammoth Cave as well as at Nashville at reduced rates. The entire trip, fare and entertainment, need not cost to exceed \$12.

The return journey may be made so that teachers need not miss being on hand at their school, as they may get back in ample time to resume school duties Monday morning. A cordial invitation is extended the public to take advantage of the low rates and special arrangements. The excursion will not be restricted to special parties or individuals. You are invited and will be welcomed to enjoy it. If you drop a line to Supt. Chas. F. Patterson, Edinburg, Ind., he will cheerfully answer inquiries, or details may be ascertained by addressing W. W. Richardson, district passenger agent, Pennsylvania lines, Indianapolis, Ind.

Sick stomach [means sick man (or woman).]

Why not be well?

Sick stomach comes from poor food poor nourishment, means poor health poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take the less you will feel of your stomach.
